

Association professionnelle  
des chargés de sécurité  
transfusionnelle du Québec

L'association professionnelle des chargés de sécurité transfusionnelle du Québec (APCSTQ)  
presents its 15th annual

## **Transfusion Safety Week : June 12-18, 2023**

From start to finish,  
the transfusion  
process and its  
professionals ensure  
the chain of security  
is maintained.

Transfusion Safety Officers participate in the creation and maintenance of programs respecting the highest quality of standards and safety in Transfusion Medicine.

Under the theme, « **La transfusion : un acte courant mais, Ô combien non banal !** », the APCSTQ invites you to view conferences\* directly on the website : <https://apcstq.com/>

\*Please note that the conferences are offered in French only.

We thank you for your collaboration!

Marie-Claude Denommé, T.M. Chargée clinique de sécurité transfusionnelle, région 04  
Vanessa Dupuis-Picard, Inf. clin. Chargée clinique de sécurité transfusionnelle, région 12
